

Mercury 250 DTS 4 Stroke Outboard

\$45,990 Fully Fitted

Description

Mercury 250 DTS ELPT 250 Fully Fitted \$45,990 incl GST Auckland Marine Centre - Offer ends 2026-11-08 Mercury 0% Interest Over 5 Years **Finance Application:** <https://online.udc.co.nz?embed=true&uid=6e64ad&newResizer=1>

Key Features & Technology: Engine: 4.6L V8 FourStroke for excellent torque and performance. DTS Controls: Provides instant throttle response and seamless gear shifting. Fuel Efficiency: Advanced Range Optimization (ARO) and Transient Spark Technology (TST) improve mileage.

SmartCraft®: Digital integration for real-time diagnostics and monitoring. Adaptive Speed Control: Maintains engine RPM during changes in load or conditions. Alternator: High output (85 amps at WOT) with idle charge for battery management. Versions: Available in standard FourStroke, rugged SeaPro (commercial), and high-performance Pro XS models.

Performance Benefits: Acceleration: Quick from a performance-inspired quad-cam design. Smoothness: Quiet operation with a large muffler and vibration-dampening cowl. Versatility: Suitable for various boats, from fishing to performance and cruising.

Durability: Built with corrosion-resistant components for harsh marine environments.
